

Daniel French

College Station, TX | 832.316.7138 | dan.r.french@sbcglobal.net | [LinkedIn](#)

Summary

I have a passion for learning, solving problems and analyzing information. I have professional experience building and managing responsive client websites using WordPress, as well as creating child themes to modify theme plugins. I also have a solid understanding of object-oriented programming with C#.

Experience

Centennial Arts | Software Developer

January 2024 – Present

- Designed and built customer websites using WordPress
- Installed and managed WordPress packages and plugins on FreeBSD operating system
- Logged and communicated progress on customer websites and other issues using Jira
- Created child themes to modify theme plugin files
- Curated plugins for situational use
- Documented new processes in Confluence for collecting website content, plugin setup and usage, child theme directory structure and usage, and managing core WordPress settings

Real Estate Agent | Keller Williams Realty Brazos Valley

April 2021 – October 2023
